Child Find Notification

Upon request, the Bibb County School System is required to ensure that all children residing within its jurisdiction, birth to 21, regardless of the severity of their disability and who need special education and related services, are identified, located, and evaluated. A request for an evaluation is known as a referral. When the district receives a referral, the district will appoint an Individualized Education Program (IEP) team to determine if the child has a disability, and if the child needs special education services. Child Find applies to children who attend private schools, including children attending religious schools within the Bibb County School jurisdiction, highly mobile children with disabilities (i.e., migrant and homeless children), and children who are suspected of having a disability and are in need of special education even though they are advancing from grade to grade.

Referrals must be in writing and include the reason why the person believes the child is a child with a disability. A referral may be made by contacting James Gray, Special Education Coordinator for Bibb County Schools, at 205-926-9881, or by writing him at 157 SW Davidson Drive Centreville, AL 35042

Sincerely,

James H. Gray Jr.
Special Education Coordinator
Bibb County School District
