

Dear Parent,

You can pay many fees online using MySchoolFees.com.

Here's how!

1. Visit <https://secure3.myschoolfees.com>
2. If you haven't signed up, go ahead and Register, otherwise just Sign In.
3. Select your school.
4. Add your student using their Student ID and last name.
5. Select your student from the drop down menu.
6. Select the Category, and then the Items you wish to pay for and add them to your cart.
7. Select **Show Required Registration Fees** to pay specific class or grade-level fees.
Your student's fees will be listed.
8. Select **Show Optional Registration Fees** to see other optional registration items.
9. You can also use the **Select Category** drop down menu to see what other items your school has offered for purchase.

After you Checkout you will receive an email receipt for your transaction.

The credit card company charges a 3.5% fee at checkout to your total purchase. This fee does not go to the school it goes straight to the credit card company.

This is a great way to avoid long registration lines and we encourage you to take advantage of [MySchoolFees.com](https://myschoolfees.com).

Sincerely,

Bibb County School System
